## **20<sup>th</sup> FORUM OF PHARMACEUTICAL SCIENCES**

**Palace of the Academies, Brussels  
May 20<sup>th</sup> 2019**

Dear Colleague,

It is a pleasure to announce the 20<sup>th</sup> Forum of Pharmaceutical Sciences, a scientific event that has become a real tradition for all PhD students and researchers active in one of the research fields within Pharmaceutical Sciences.

As on all previous occasions, young researchers will be given the opportunity to present their work through oral communications, in a relaxed and friendly atmosphere.

At this one-day event, one or two plenary lectures by renowned researchers will offer a good opportunity to learn on specific aspects of Pharmaceutical Sciences.

As for the last edition, we have chosen for a convenient central location in Brussels, easily accessible by public transport. Also, we have opted for a single registration fee, covering all sessions, breaks, lunch and abstract book.

We hope we can count on every single one of you to actively contribute to this Anniversary Edition of the Forum of Pharmaceutical Sciences.

See you in Brussels on May 20<sup>th</sup> 2019 !

Prof. M. Fillet                      BSPS President

Françoise Prohoroff              BSPS secretary

Jan Saevels                        BSPS secretary
