22nd FORUM OF PHARMACEUTICAL SCIENCES

Floreal La-Roche-en-Ardenne
March 31st & April 1st, 2025

Dear Colleague,

It is a pleasure to announce the 22nd Forum of Pharmaceutical Sciences, a scientific event that has become a real tradition for all PhD students and researchers active in one of the research fields within Pharmaceutical Sciences.

As on all previous occasions, young researchers will be given the opportunity to present their work through oral communications, in a relaxed and friendly atmosphere.

At this two-day event, plenary lectures by renowned researchers will offer a good opportunity to learn on specific aspects of Pharmaceutical Sciences.

For this edition, we have chosen the Floreal in beautiful La-Roche-en-Ardenne. The Forum will take place on Monday March 31st and Tuesday April 1st, 2025, two full days that should allow sufficient speaking time for all participants.

We hope we can count on every single one of you to actively contribute to this Edition of the Forum of Pharmaceutical Sciences.

See you in La-Roche-en-Ardenne!

Prof. A. Van Schepdael BSPS President

Françoise Prohoroff BSPS Secretary

Jan Saevels BSPS Secretary
